‘FEED THE HUNGRY’ CHARITY

News from Rosie Dawson, 26th October:

Last week Sister Hazel and Rosie took last year’s consignment of knitted garments to the clearing depot in Coventry. Since last year this depot has moved from Hinckley although that site is still run by the “Feed the Hungry”: such is the national and global need for help that the charity has expanded in new areas here at home, also more countries around the world are being explored for future aid.....Djibouti is being visited at the moment to assess what the charity can provide in the way of assistance there.

Heartfelt thanks go to everyone who has so generously spent the time making all the garments for those in desperate need. An amazing and truly wonderful 640 knitted garments have been worked and donated by you all. The 15 boxes will be sent straight to the Lebanon this week and will very shortly be enjoyed by and giving comfort to the people there.

Thank you.
